## Recycling: clear or confusing?

Are you an expert recycler or do you struggle to tell your cardboard from your Tetra Pak? Either way we want to hear from you.

We are conducting a review of our waste and recycling service and we need your views to help us improve our service to you.

Our short survey will take just a few minutes to complete and your responses will influence how we communicate with you about waste and recycling in the future. It will also help guide any improvements to our service.

[Take our waste reduction and recycling survey now](#)

Once you've completed it, please pass the link on to other friends and family in Wychavon as we want to hear from as many people as possible.

The survey closes on 16 May 2021.

Thank you for your support.

Wychavon's waste and recycling team.
